

FishMate - Fishing Times With Tight Lines

Another great iPhone fishing app, FishMate, gives you information on the major and minor feeding times, moon phase as well as [weather forecasts](#) to help you plan your fishing outings. Developed by former touring professional bass angler and the host of the syndicated radio fishing show called *Tight Lines*, Sammy Lee, this app is full of Mr. Lee's 30 years of fishing experience. The app features Fishin' Time, which tells you everything you need to plan your fishing trip, current weather conditions for your area, Big'Uns for storing photos of your catch, fishing news, and tips and a facility for connecting Sammy Lee's podcast of his radio show. (Price: \$9.99) ([Download link](#)).
